13th March 2009

To Whom It May Concern:

Gawler River Cattle Co. is currently using a mincer, an injector and trolleys we purchased from Springer Company. In the amount of time we have had the machines we have had no problems with them, and we have found them to be very reliable and cost efficient. The machine is very easy to operate, easy to clean and easy to function.

The mincer and Injector have contributed to making the production faster and more efficient.

We highly recommend Springer Company products to anyone that requires a reliable, fast, efficient machine. We believe that it saves time and money.

If you have any questions or queries please don't hesitate to contact me on (08) 8447 8599

Yours Sincerely,

Paul Cormack
**Managing Director of
Gawler River Cattle Co.**
